

Vani Girdhar

[Here's your resume in Markdown format](#)

Skills

Vani is a seasoned Software Engineer with expertise in developing scalable and reliable microservices and mentoring junior developers. She is adept at programming languages (Python) and cloud platforms (AWS). Her strengths include team leadership, system uptime improvement, and winning Hackathons.

Work Experience

Software Engineer at MICROSOFT

- Led a team of five engineers, driving system uptime to 99.8% from 98.5% through efficient monitoring and proactive intervention.
- Created critical microservices in Python, utilizing AWS Lambda and API Gateway for improved cloud scalability and cost-efficiency.
- Conducted one-on-one mentorship and code reviews for junior developers, guiding them in writing robust and scalable code.
- Won several company-wide Hackathons, showcasing creativity and problem-solving skills.

Education

Bachelor of Technology in Computer Science, Indian Institute of Technology, Delhi, India (2023).

Certifications

- Microsoft Certified Solutions Developer (MCSD): 2016

Interests and hobbies

- Reading fiction and self-help books.
- Volunteering for coding workshops for children.
- Beginner-level tennis player trying to improve every weekend.

The resume showcases Vani's professional experience, technical skills, awards, education, certifications, and hobbies. It's formatted for readability and highlighting crucial information.
